TO: Family Beer and Wine Facility Permit Holders

SUBJECT: New Reporting Requirements and Forms

A revised Family Beer and Wine facility permit monthly report is enclosed, which reflects the amendment to COMAR 03.02.04.01, effective October 20, 2008. The new regulation changes the reporting requirement from monthly to annually.

The annual filing requirement means that a family beer and wine facility permit report is required for each report year beginning October 1st and ending September 30th of the following year. Reports are due by October 15th following the report year, and must be filed even if the permittee had no activity for that year. Failure to file the required report by the October 15th deadline will preclude further activity as authorized by the permit effective October 31st following the report due date.

If you should have any questions, please contact our Taxpayer Service Section of the MATT Regulatory Division at 410-260-7131.
